About Tecknotrove Systems

Tecknotrove Systems is a young and dynamic technology company headquartered in Mumbai. Tecknotrove is Asia's leading training and simulation company focused on developing simulation and virtual reality solutions for critical applications. We develop immersive training solutions for critical applications for industries like Automotive, Aviation, Mining, Defence, Nuclear, and Industrial safety.

With a team of over 150 talented employees, we have successfully delivered projects in over 26 countries around the world. Our expertise lies in creating virtual worlds for critical applications using simulation and AR/VR technologies. We are headquartered in Andheri, Mumbai, with offices in Delhi and the Middle East and a manufacturing facility in Gujarat.
